Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

My life would be difficult, to
say the least, if access to my hormone
prescription from Women's Health America
pharmacy program in Madison, Wisconsin,
were to be curtailed. I urge you NOT
to succumb to pressure from large pharma-
ceutical houses!

Thank you!
